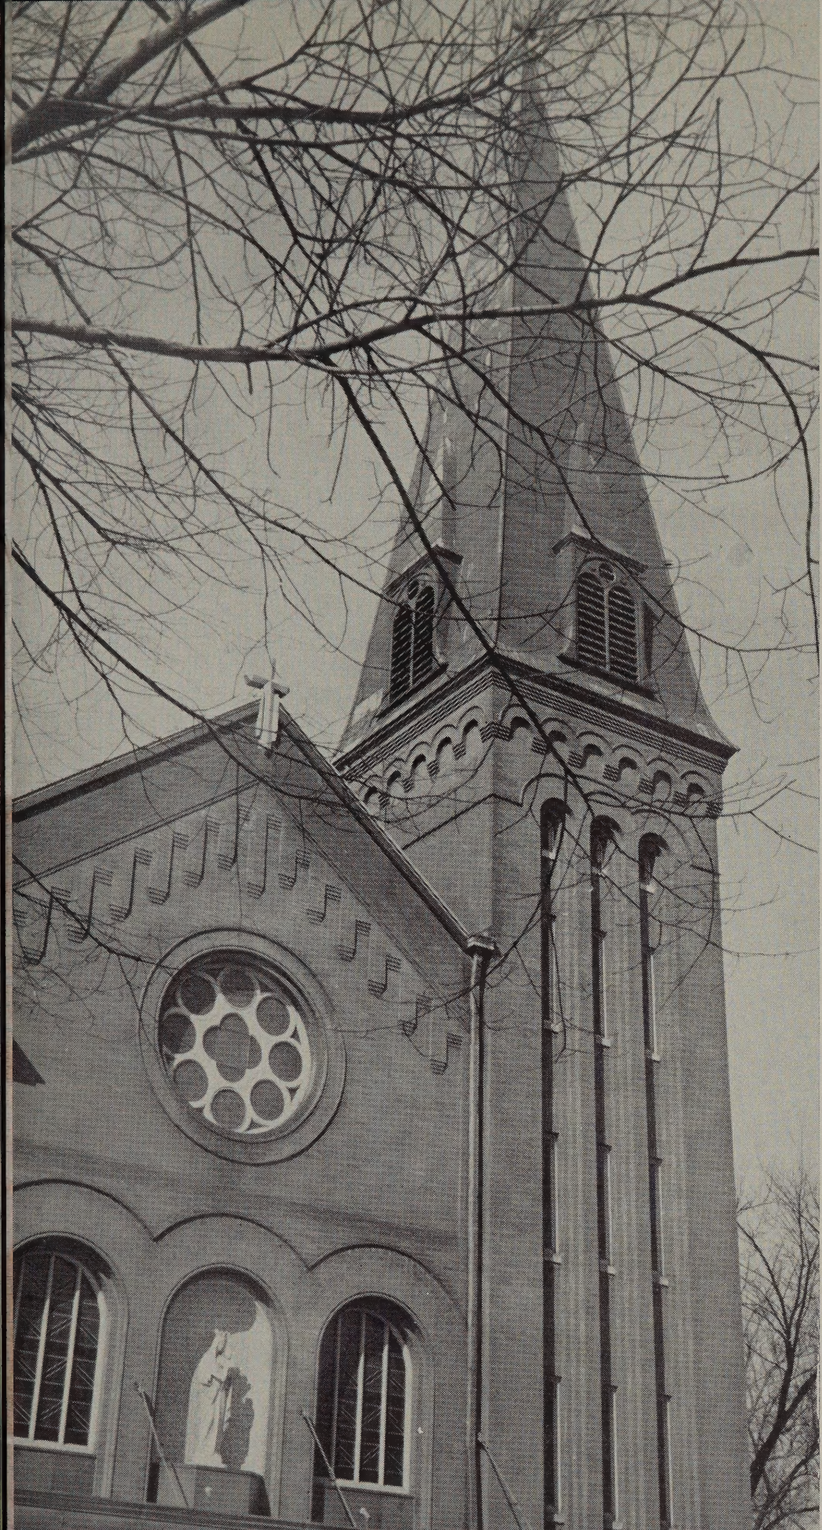
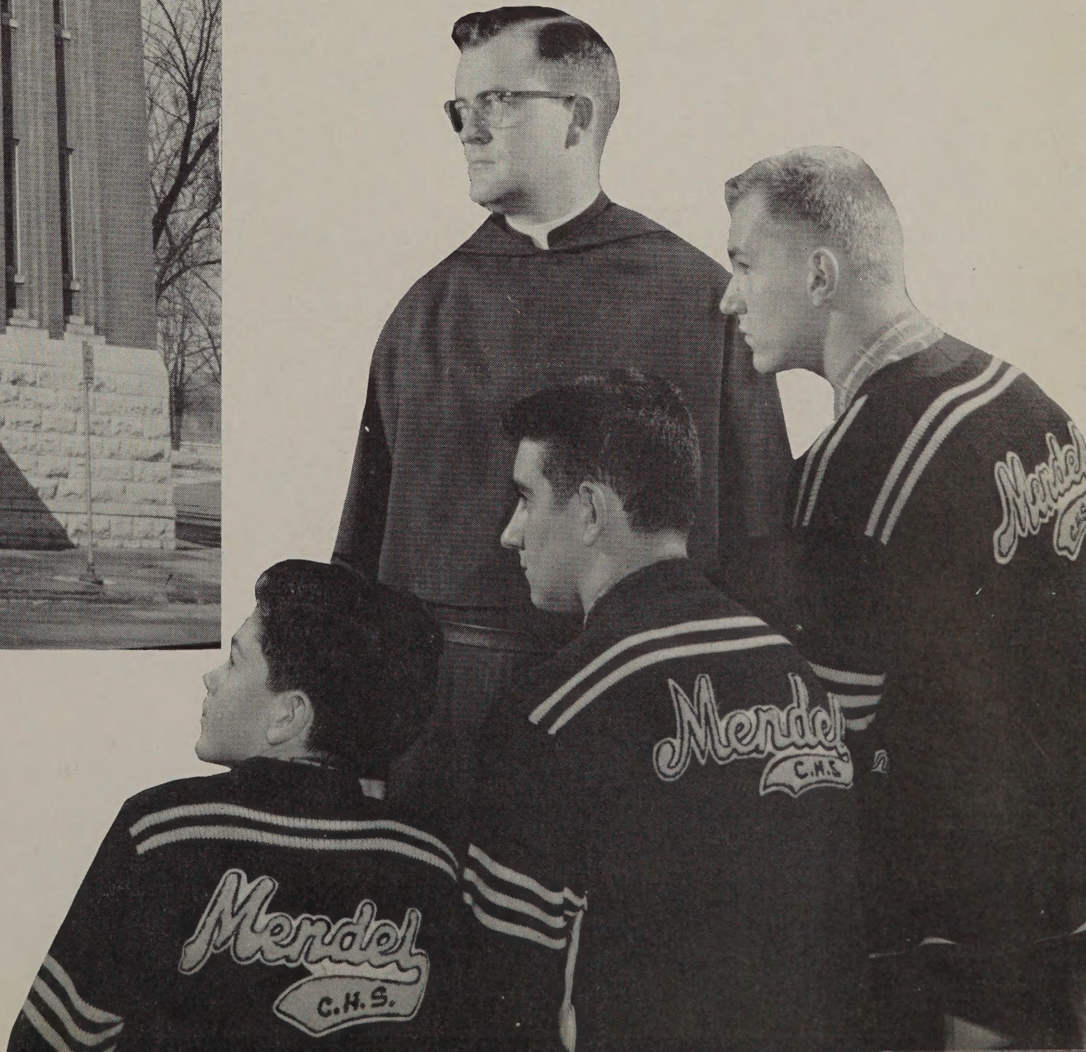
MENDEL CATHOLIC HIGH SCHOOL

Preparing Today For The World of Tomorrow



Mendel's students are being prepared to assume the social responsibilities guaranteed them by their American heritage. Under the guidance of the Augustinian Fathers, they are being trained to meet the challenges of the industrial, political, and religious worlds which they must face. There men, the leaders of tomorrow, are being given the best education money can provide. At Mendel, students learn not only the required acedemic subjects, but they also gain a greater insight towards the problems which they will meet in the world of their future.



MR. JAMES GATELY
First Honorary Alumnus

Dedication

This year, Mendel seeks to honor our first Honorary Alumnus, Mr. James Gately of the People's Store of Roseland. This gentleman has assisted Mendel even before the Augustinian Fathers owned the property. It was principally through his efforts that we were able to secure this location for our school.

Mr. Gately's interest did not cease with acquisition of the school. He has adopted the school much the way any great man seeks to assist the establishment and devleopment of a cherished program that he believes in with his whole heart.

To enumerate the specific acts of generosity, kindness, counsel, and support would fill this entire page in referring to our eight years of existence.

While it is most unusual for any school to dedicate its Yearbook to someone who is not a member of the Order, in this case we feel that Mr. Gately has evidenced by his many acts of generosity and interest that he is as much one of us as any member of the Order. If there is anything lacking in our show of appreciation for him, it is the inclusion of him as a Filius Ordinis.

To you, Mr. Gately, with this dedication goes the warmest feelings of gratitude to yourself and this comes from the herats of all the Men of Mendel, the Priests, the Lay Faculty and the Students. May God reward you for your kindness.

Learning Responsibility Today

For Tomorrow's Community

PEOPLE AT MENDEL

Through the cooperative effort of the rector and his administrative staff of vice-rectors and deans the work of catholic education goes forward at Mendel. Striving ever to improve the education of the whole man, they labor to form the Men of Mendel.

The Rector and his adminstrative Staffs the vice Rectors and Deans

VERY REV. JOHN L. SEARY, O.S.A.

Provincial of Our Lady of Good Counsel Province.

It was with feelings of deep regret that we bid a fond farewell to Fr. Seary this year as he left Mendel to take up his residence at the new seminary. During his years here as Rector and as Provincial he was always a friend and an outstanding example as a priest. We hope you will not forget us Father and be sure we will always remember you—God Bless you Father and Pray for your Men of Mendel.

Rev. Francis Cavanaugh, O.S.A. Rector

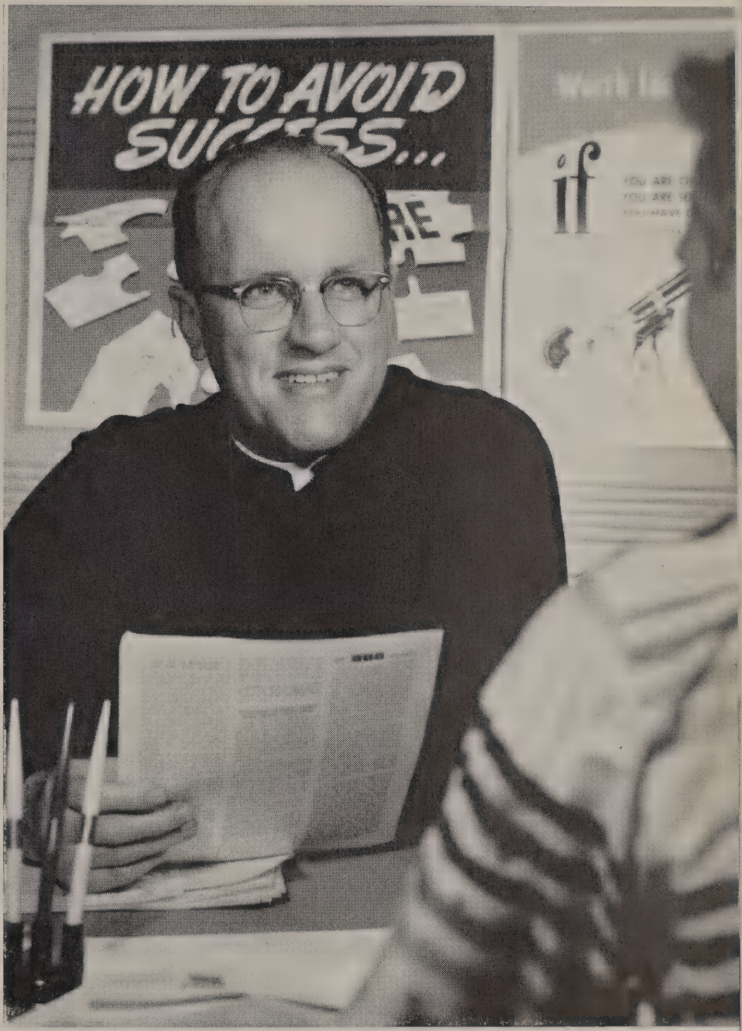
This year Father Cavanaugh completes his third year as Rector of Mendel Catholic High School. During these years as the second Rector of the school he has provided very able and enthusiastic leadership for the teaching staff and student body. He has encouraged the pursuit of graduate study by members of the faculty as a means of improving the instructional program. The honors course and the homeroom guidance program were both instituted by Father Cavanaugh and have flourished because of his sustaining interest. Improvement of the physical plant, administrative organization and pioneer programs such as the recent articulation program for eight grade teachers have been some of Father's many contributions to better Mendel.

Prior and Procurator Very Rev. Fredrick J. Winn, O.S.A.

Father Winn has for his main concern the tremendous task of being responsible for the entire physical plant and its operation. Under his guidance, much has been done to improve and remodel the school until today it is one of the most beautiful in Chicago.

Rev. Edward Grace, O.S.A.
Vice-Rector of Discipline

Under the direction of Fr. Grace the Discipline of the school takes on its full role to develop the whole man. It is within the area o fthe disciplinarian that Mendel Man becomes the Mendel Gentleman.

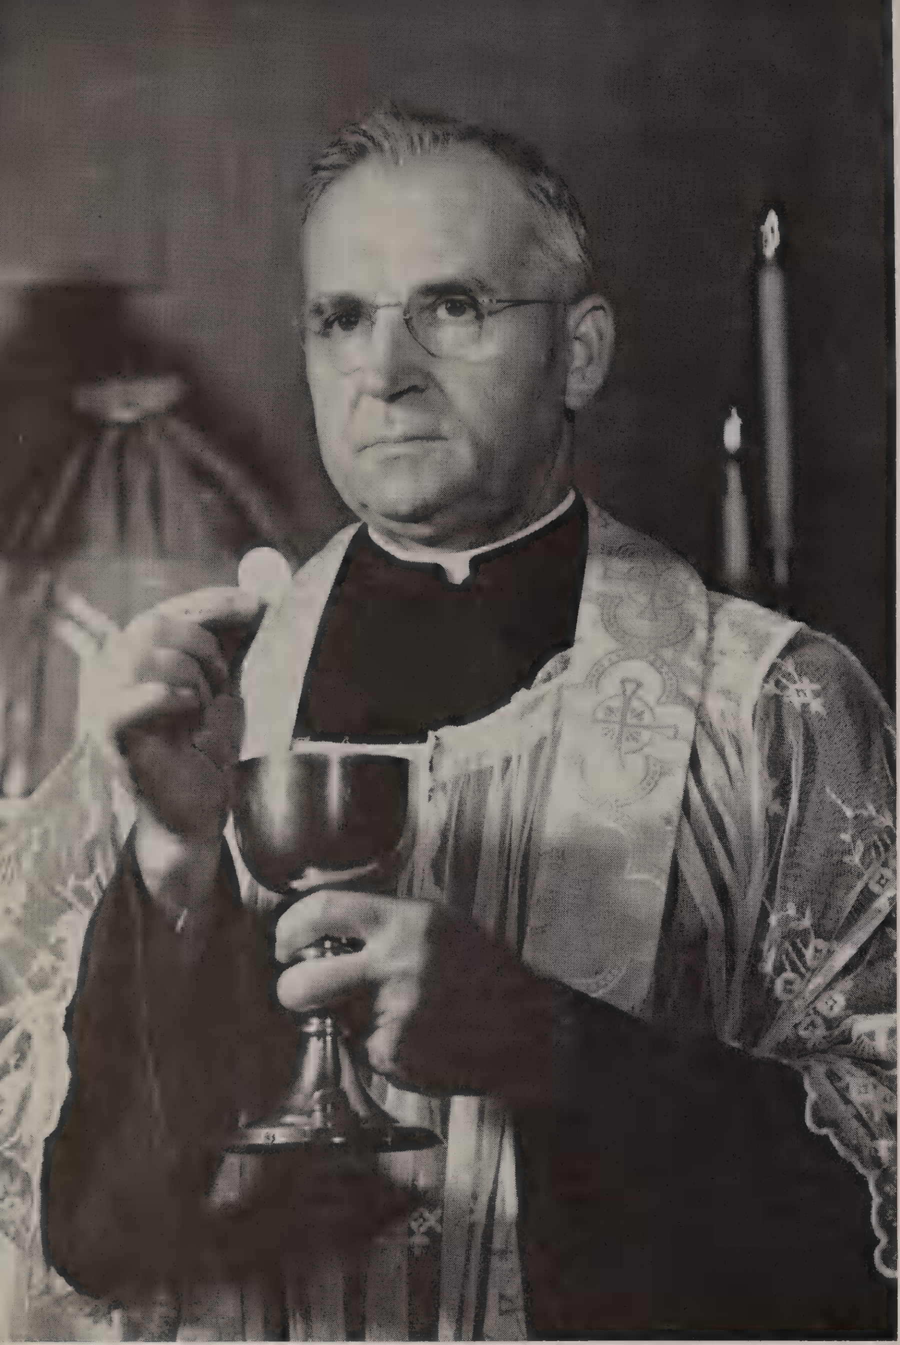


Rev. Robert Verstynen O.S.A. M.A.
Vice-Rector of Studies and
Teacher Supervision

Under the constant directorship of Fr. Verstynen, Mendel's classrooms have been the scene of an ever improving course of studies, so necessary to fill today's demand for increased knowledge.

Rev. John McNabb, O.S..—M.A.; Sp. Ed.
Vice-Rector of Guidance & Activities

This year, Fr. John McNabb assumed the duties of the Guidance Director. Father McNabb's task was to further expand the Guidance Program under the new arrangement of the half-hour homeroom period each morning.



Vice-Rector of Spiritual Affairs and Dean of Religion

Villanova University B.A.

Here at Mendel through the study of Religion, we bring to the student a knowledge of Him who is the Truth. Through participation in the Holy Sacrifice of the Mass, we provide the students with an opportunity to experience the impact of membership in the Mystical Body as they unite in offering homage and worship to their Creator and God, and in receiving from Him the greatest of all gifts, Himself, in Holy Communion. When they know Him who is the Truth and are strengthened by Him who is the Life, they are able to walk in the Footsteps of Him who is the Way.

Father's program for the study of English here at Mendel consists of three different levels for each year—each geared to the student's ability. An example of this is the fourth year honor course in English where the emphasis is placed on preparation for future scholarship and college entrance examinations. This type of program may soon be adapted to the junior class.

Mr. Thaddeus Osowski
DePaul University—Ph.B. & M.A.

Mr. Osowski said the hopes of the Mathematics Department are to give the better students a foundation for college and, eventually, to have the best students be given credit, in college, for the first year of mathematics. The department also hopes to teach some college algebra, trigonometry, geometry, the foundations of differential and integral calculus, and a part of the theory of probability in the near future.

SOCIAL SCIENCE DEPARTMENT

Mr. Reilly states that the objective of the U.S. History division of the department is to acquaint the boys with their culture and heritage.

The Civics and Sociology division will aid the community in developing citizens who will be aware of their responsibilities and obligations to their community and country.

Finally, the Modern European and World History divisions will show the student how history has evolved by comparing his culture and heritage to those of other nations of the world and help him in understanding how man has developed.

The object of the Language Department is threefold over and above the obvious object of learning the specific language studied. The study of a foreign language gives a better understanding of the English language. It is useful in the further studies requiring their use. And finally, it gives the student the advantage of understanding the culture of people in the world around us.

INDUSTRIAL ARTS

Mr. Novak defines Industrial Arts as the essential part of general education which is conceived as the answer to the problem of educating boys to live in a world which may be accurately characterized as industrial and technological. It becomes the function of this department to give its students an appreciation and understanding of our industrial civilization as a vital segment of American life.

Fr. Edward T. LaMorte, O.S.A.

PHYSICAL EDUCATION

Mr. McClintock states that the two-fold objective of his department is to provide all Mendel Men with an opportunity to take an active part in games and sports which they enjoy and to stimulate interest in skills and sports and other activities which are meaningful now, and which may be carried over to adult life.

Mr. Bill Allen

Peru State Teachers College B.A.

COMMERCIAL DEPARTMENT

The main objective of the commercial department as stated by Fr. Turcich is the preparation of the student for the business field. The purpose of the typing course is to give the student both the ability to use the typewriters as a typing tool and operate and maintain it efficiently. The bookkeeping course has as its purpose the development of habits of order and clear thinking by the ability to analyze business events and transactions. Lastly, the objective of the general business course is the acquaintance of useful business skills important in everyday life.

Dean of Art
Mr. Matthew Racich

Ball State Teachers College—B.A.
Indiana University
Art Institute of Chicago

Mr. Rachich related that the obejctive of the Art Department is to create a workable course that will aid and stimulate those boys who have an interest in artistic endeavors. It is his belief that both the Art and the Industrial Arts departments are closely related. He believes that the subjects of these departments can motivate the individual to enrich his life.

Dean of Dramatics
Miss Maureen McCormack

St. Mary's at Notre Dame—B.A.

Miss McCormack stated that the objectives of the Mendel Drama Department are to further interest in the dramatic productions of the school, to assist in any way possible in the entertainment program of assemblies, and to supply talent for any productions put on by neighboring girls high schools.

The Seniors
Class of '59

The Class of fifty-nine takes great pleasure in joining the ranks of Mendel's Alumni. We are going out into the world to use the knowledge we have absorbed in the last four years. That these years were well spent is evidenced by the number of men receiving scholastic and athletic scholarships, the largest in Mendel's history. We were honored by winning a basketball and football championship. We bid a fond farewell to the men who must remain behind. We hope that they will follow our good example by bringing other championships to Mendel in both the scholastic and athletic fields. If there is one word that characterizes the class of fifty-nine in the present, and is in the form of a prophesy for the future, it is "success."

Charles Scott, president; Carmen Chidichimo, vice president; Charles DeBenedetti, secretary; and Robert Knickerbocker, treasurer.

Class of 1960

The juniors, soon to be the leaders of the school, are squarely responsible for Mendel's lot in the fields of scholarship and athletics. It is hoped they will accept the challenge with humility and always represent themselves and Mendel as Mendel Men.

The Alumni Association, composed of graduates of Mendel, meets regularly with the purpose of fostering Catholic ideals and promoting a friendly relationship through these meetings and its other activities. The Association promotes the welfare of the school through the interest of the Alumni.

The Father's Club, as in past years, has been a great asset to the school. It is not possible to express the great good these people have accomplished both spiritually and financially.

The Mendel Mother's Club

Since the very beginning of the school, the Mendel Mother's Club has been responsible for assisting the faculty in many and various capacities. The club provides entertainment for its members regularly at their meetings and also in their fashion show and annual dinner banquet.

LIFE AT MENDEL

At Mendel the student receives a well rounded education. Academically, each student is afforded an opportunity to realize fully all his abilities, aptitudes, and interests. Through sports, he learns the fundamentals of good sportsmanship and team play. Similarly, the school urges each student to cultivate all his intellectual talents and abilities by augmenting them with co-curricular activities. Thus, in the following pages, we can trace the highlights of life and growth at Mendel which will serve as a pattern of recollections depicting our spiritual, mental, and social advances.

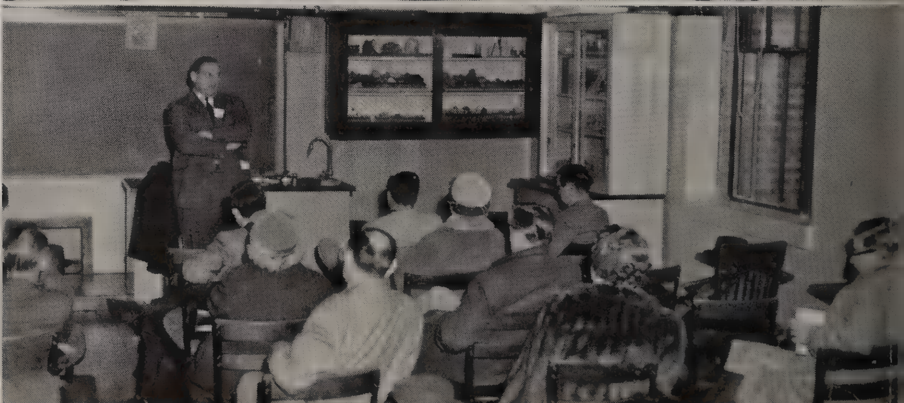
College and Career Day



As in past years, Mendel has tried to help it's students to reach a decision concerning their future career and choice of college. In this way it hopes to fulfill its obligation of vocational guidance.

Articulation Day

The purpose of Articulation Day was to better acquaint school teachers with the problems, both scholastic and social, that face students in their first year of high school. The program planned to take steps to better prepare future freshman classes in the areas the previous classes have shown deficienies. Teachers were also given the opportunity to talk with their former students and get the pupils point of view, while in the afternoon the Mendel faculty met with the grammar school instructor to take the first steps toward applying what had been learned in this pioneering step in the field of better education.

Nuns hold a seminar with their former students.

Religious Life

The Men of Mendel participate in the Great Sacrifice of the Mass.

Religion in Practice

The religious welfare of a Mendel Man is even more important than his educational and vocational success. The development of healthy religious life is not confined to formal courses, nor does it belong to any single department of the school. It is intimately tied up with his character, will, good sense, and the sincerity and honesty with which he lives his daily life. Religious ideals have a place in every course which he studies and in every student activity. His first concern is, of course, to learn to know and love his religion. But the important problem for him is to practice his religion in his daily life.

Well Done

As the pages close on the '58 Monarchs of the gridiron it seems only right to say a little about their leaders. Never will Mendel know better men than Coach Magee and his very capable staff. Also a special tribute to everyone's friend, Father Gavin, our athletic director. He worries more about the team and their injuries than they do about themselves. To these we say "well done."

This year's basketball Monarchs have had the greatest success of any Mendel basketball team. The heavies showed early promise by winning the DeLaSalle tournament and taking second in the all-important DePaul tourney. They then travelled to Detroit to break the long winning streak of Austin, the Michigan State champs.

The lights weren't given the limelight this year. They had to take it themselves by surprising everyone and proving themselves a real Monarch team. They went through the playoffs to bring Mendel our first city basketball championship.

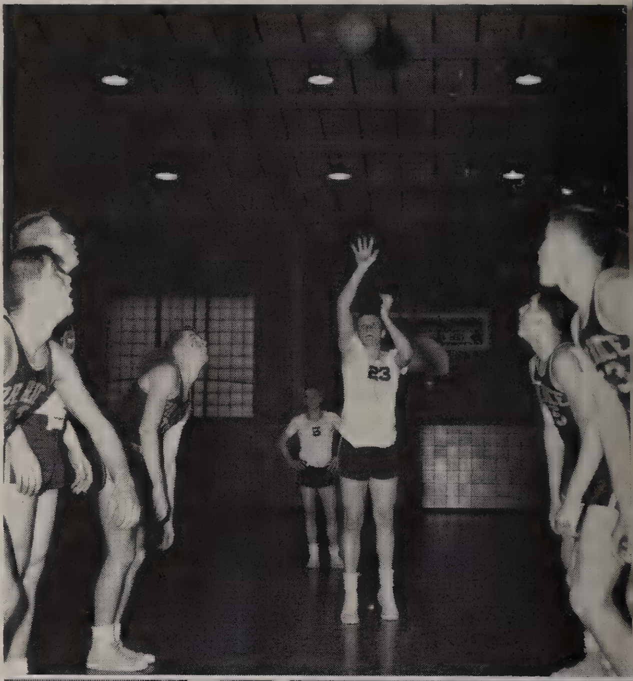
The lightweights finished the practice season with a 11-3 record while the heavyweight boasted of a 15-3 record. The heavies won the D. L. S. Round Robin and placed second in the DePaul Tournament. It was during the DePaul Tournament that Mendel left sparkling achievements on the tourney's record books. Mendel's four wins comprised a new tournament high. Mike Stallings won the coveted "Most Valuable Player Award," as he tallied 28 points against St. George and was the tourney's top scorer with 95 points. Tom Stallings was selected as an all-tourney guard; and Mendel recorded the highest team scoring endeavor, a 75-49 conquest over DePaul.

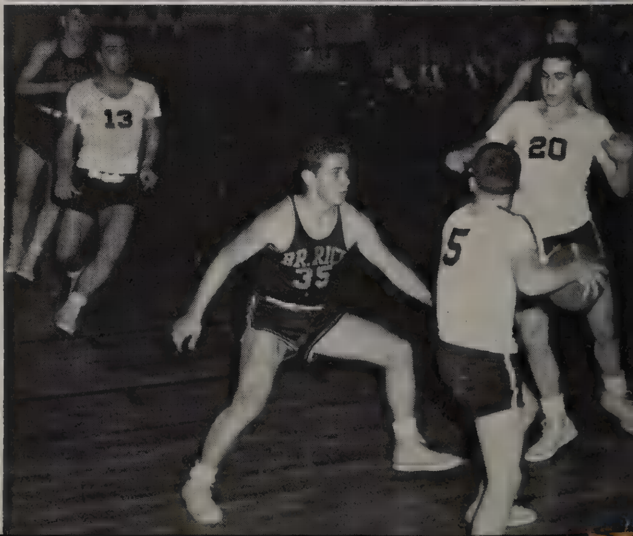
The start of the Catholic league basketball season saw the Monarchs winning two from Mount Carmel by 55-43 and 62-59 scores. High scorer for the lights was Mike Murtaugh with 14 markers while Mike Stallings dropped in 19 for the heavies.

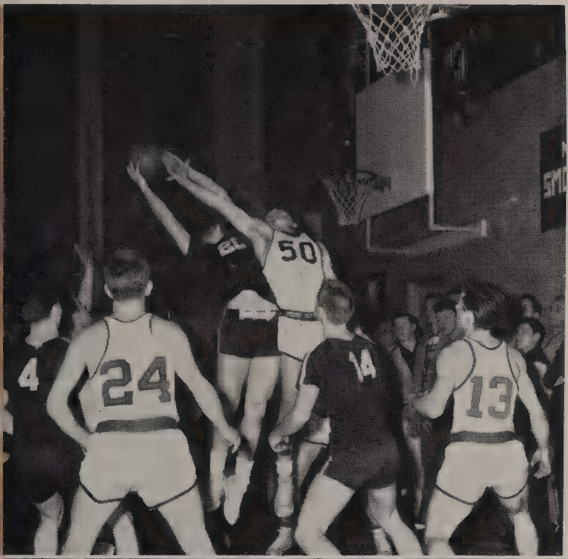
One of twenty-five for Walter.

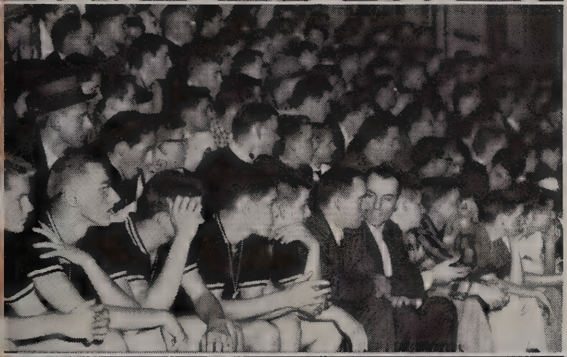
Two more for Katuzny.

Quick pass in the key.









The second league play saw the lights dropping one to St. Rita 56-50. Bill Olsen was high point man with 14. The heavies emerged victorious over Rita by a score of 57-39. Walt Katuzny was the big man with 21 points.

Being down 19-17 at the midway point the lightweights eeked out a hard-earned 38-33 win over Leo. Dave Hutz and Mike Murtaugh shared the scoring laurels with 11 points apiece. The heavyweight battle saw the Monarchs lose a 42-41 heartbreaker. Mike Stallings led the scorers with 13 points.

The lights continued their winning way be defeating the Elizabeth team 52-35. Bill Olsen mustered 14 points in the fray. The heavies lost another close one 59-56. In the heavies losing efforts Tom Stallings tallied 17 markers.

Ending the first round with their third consecutive victory, the lights humbled Br. Rice 65-59. Captain Bill Olson pumped in 32 points during the battle which was a season high total for a single game. The heavies racked up their third league win 65-46. Bill Lynch's 15 and Walt Katuzny's 14 led the Moharch scores.

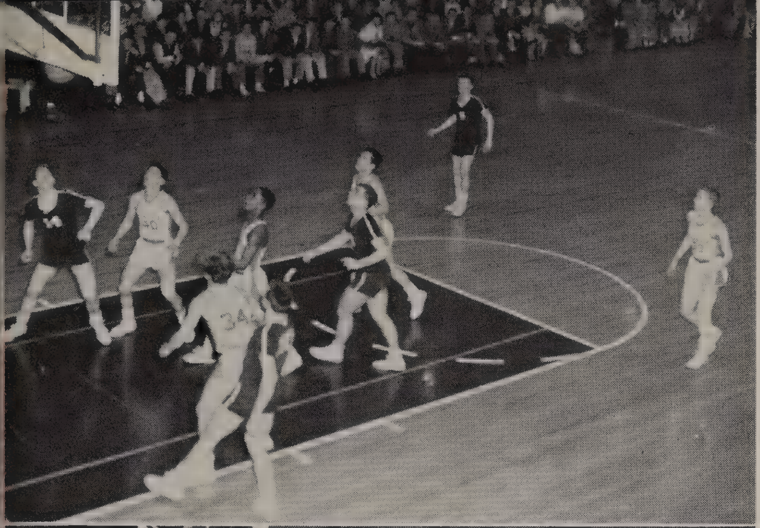
In their final encounter of the year the heavies dropped a close 50-49 decision to St. Elizabeth. Tom Stallings registered 16 points and Katuzny had 14 in the effort. The lights rounded out their league play with a 47-36 win over the Ironmen. Martaugh led the team with 13 markers.

With Bill Olson back in the lineup, the Mendel lightweights entered the playoffs for the Catholic League Championship.

In their first encounter they hammered Gordon Tech 47-37. Only once, at 5-4 were the Monarchs on the short end of the scoring. Dave Hirtz led the scoring with 14 while Bill Olson and Tom O'Connor each collected 11 points.

Leo, the squad that had just downed St. Ignatius' powerhouse team, was Mendel's next obstacle. Mendel possessing a 21-15 lead at the half had to rely on a pair of game-tying charity tosses by Tom O'Connor and Dave Kirtz to send the game into a 33-33 overtime. During the overtime Pete McWilliam bucketed two points to tie the score again, at 35-35. With one minute left Dave Hirtz's free-throw meant a 36-35 Monarch victory. Olson took game laurels with 14 points.



McWilliams pumps a long one.
Tussle under the boards.

As an underdog, determined Mendel took on sharp-eyed St. Philip. The result being a 52-43 triumph and the first basketball championship for the Mendel Monarchs. Out front, 14-11, at the quarter, the Monarchs played consistent ball for a 25-21 command at the midway point. With St. Philip scoring first, the contest became a constant exchange of scoring. With a scant 32-31 edge, the Monarchs proved to be real champions when they rocketed to a 42-33 lead. After this, Olson paced the squad with clutch scoring to win the "really big" game. During the hard fought contest, Dave Dirtz and Bill Olson each had 15 hard earned points.

Congratulations to the team and coach Reilly for bringing to Mendel its first basketball championship.

Number one in the Catholic League

The baseball team this year finished number one in the Catholic League. With Father Gavin coaching and the tremendous will to win of the team, the Monarchs found themselves in first place as the league finished its regular season—a real team effort all the way is the reason for victory.

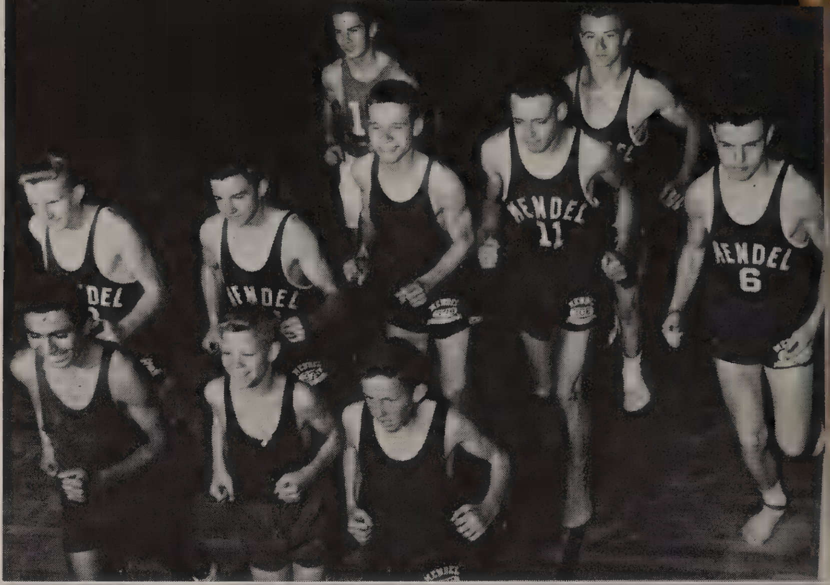
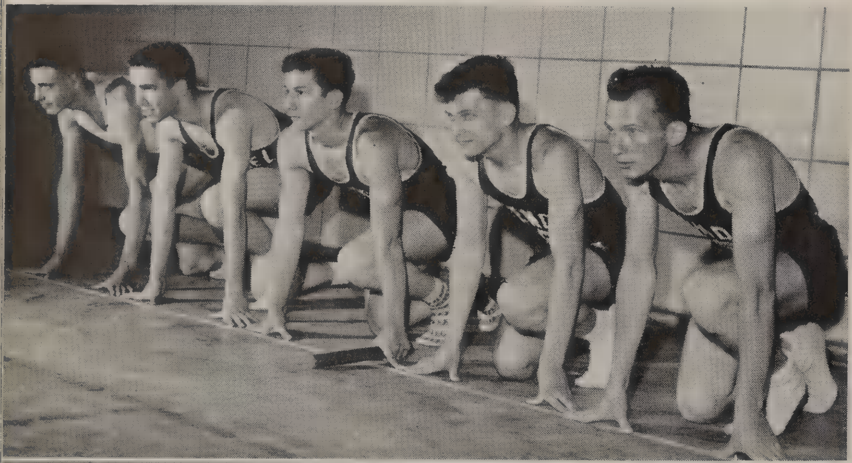
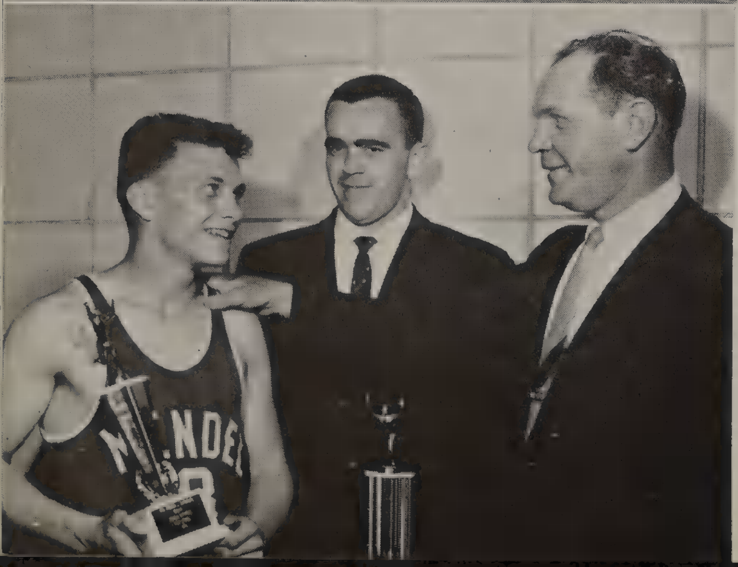
Track

Under the coaching of Mr. Doran and Mr. Kirby the track team turned in a great season. The both coaches expressed the hope that more Mendel men each year would turn out for the team. The team did very well in meets with the sectional schools and also in city wide competition.







Bowling

Our Keglers have represented Mendel well in competition with other schools. Even though the individual is working on each game, there is evidence of a real team effort for victory.

GERMAN CLUB

The purpose of the German Club is to promote a greater interest and appreciation in the German language and the customs of the country. Mrs. Heinz has done an excellent job in taking over as moderator this year.

Chess and Archeology Clubs

An Archeology Club has been formed at Mendel under the direction of Father Burke. They have gone on several field trips and provide a chance to gain knowledge of an interesting subject.

CHESS CLUB

Under the guidance of Mr. Joseph Magee, Mendel teacher and football coach, a chess club has been organized at Mendel. Starting with individual games played after school and during the activity period, the group went on to sponsor a tournament.

Stamp and Library Clubs

STAMP CLUB

The Stamp Club moderator, Fr. LaMorte, shows the boys all the different stamps of different nations. Through stamps a boy can see England, France, Germany, Italy, and the Vatican. This all adds up to a very interesting hobby which makes the stamp club a excellent group of boys.

LIBRARY CLUB

Under the direction of Fr. LaMorte the library club has a important role in Mendel. The club is open to any student interested in Library Science. The members shelve books, work at the charge desk, and operate audio visual equipment. It is one of Mendels newest and most promising.

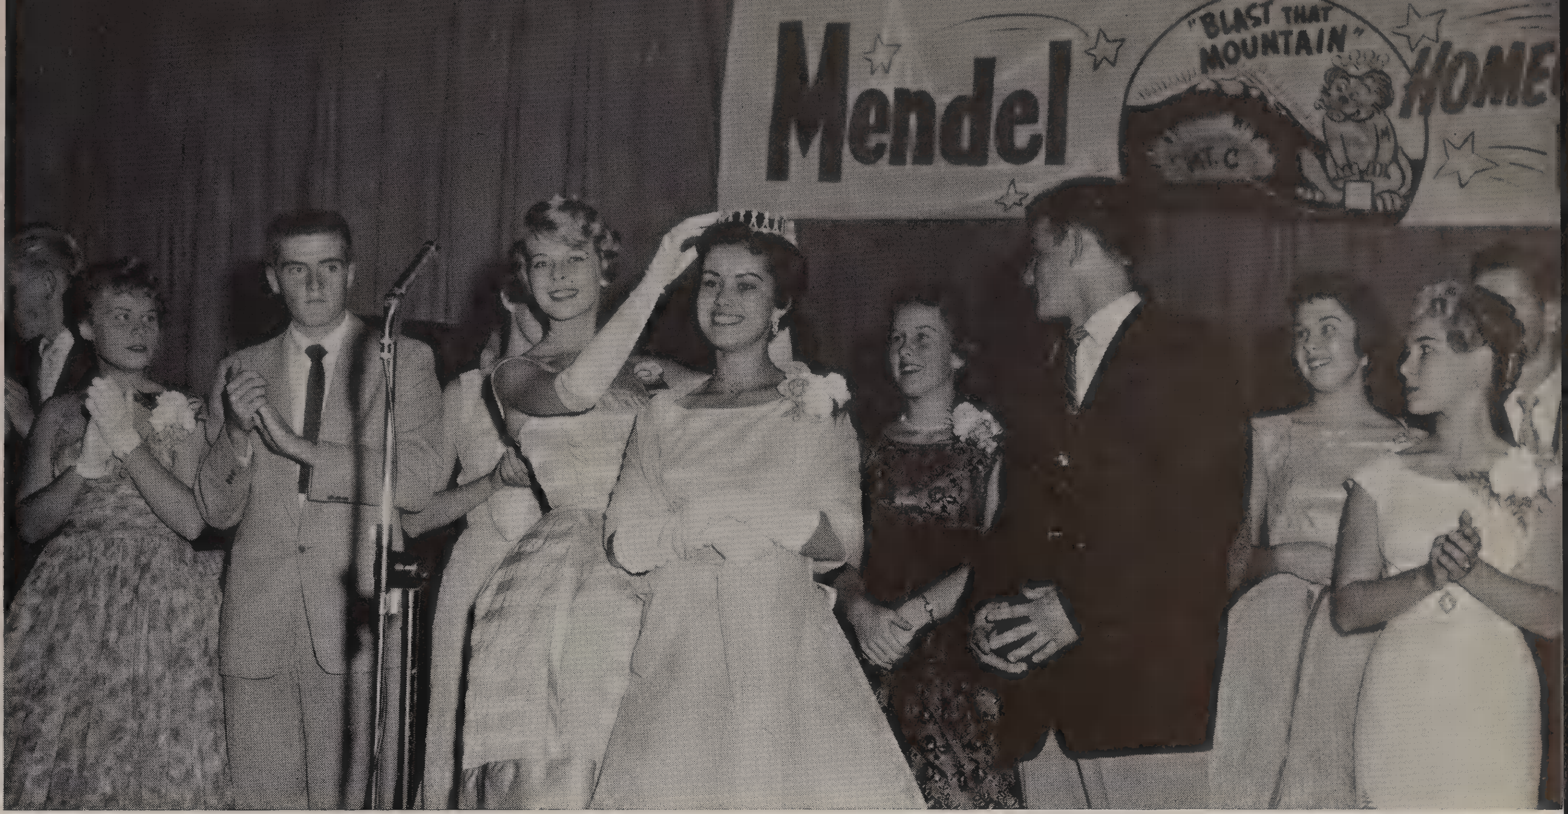
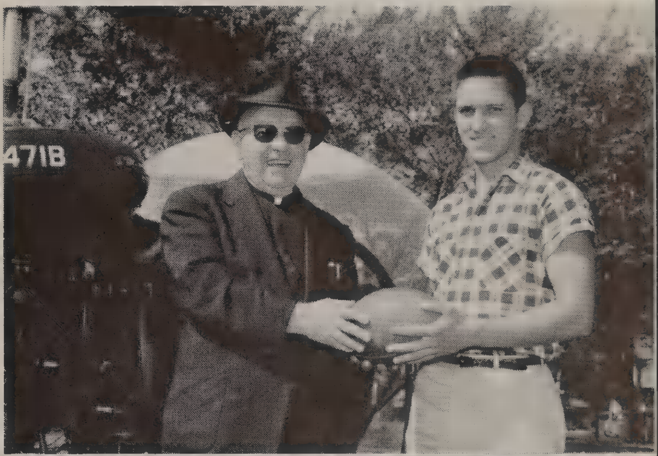
Homecoming

1958



On Friday, September 26, the beginning of Mendel's Fourth Annual Homecoming weekend began. This Homecoming, under the leadership of Father John C. McNabb, Alumni Moderator, commemorated the return of Mendel's graduates to their Alma Mater.

This year's homecoming paid tribute and honor to one of Mendel's outstanding honorary Alumni, a generous benefactor of our school, the Honorable James H. Gately.



The Principal's Ball

The annual Principal's Ball, highlighting the school's season was held at Willowbrook Ball Room. The evening's festivities were sparked by the Queen and her court and the drawing for the raffle prizes. Parents, faculty and student body were unanimous in declaring it an entertaining evening.

Junior Week
1959

The week of weeks finally came for the class of 1960—Junior Week. It will always live as the high spot for our Junior year. The Mass for our Mothers—Father and Son Night and finally the Junior Prom—everything was perfect—now to Seniors.

The Senior Prom

The night that everyone waits for and will always remember—the Senior Prom. The Constitution Room of the Morrison Hotel was the scene of the event. Father Seary paid his respects to the Seniors and their dates. The Prom fulfilled every hope and wish, and will live in the memories of all the Seniors.

Graduation—Journey's End

On Tuesday, June 9, 1959, 387 Seniors climaxed four memorable years at Mendel by receiving their diplomas, at the fifth commencement exercises. This is a tiem of mixed emotions. They are happy that their work is over, momentarily at least. Yet, they are sad when they realize that they must leave their friends-students, teachers, and pleasant surroundings.

Seated: J. Zaleki, J. Bruno, Editor, R. Murphy, Co-Editor.
Standing: D. Kilgallon, Fr. Flynn, T. McNamara, E. Walczak.

The Mendel Staff

The staff take great pride in the production of the '59 Mendel. This, the fifth volume, is the result of many long hours of work throughout the preceding monts. We would like to express our deep appreciation to Fr. Flynn, our moderator, who so ably guided us and supplied many ideas; to Mr. Milton Snyder, who turned our ideas into pictures for everyone to see; and to Mr. Leander Haggerty, our Publisher, for his untiring efforts. We hope this book will be cherished by the fifith graduating class and serve as a treasury for the golden memories of their life at Mendel.
